Notice of Allowance Office Action

This is a Notice of Allowance in response to Amendment after Final filed 6/7/20005.

Claims 1-19 were previously pending.

Claims 1-4, 7-12, 15, 16, 18 and 19 have been cancelled.

Allowable Subject Matter

Claims 5, 6, 13, 14 and 17 are allowed. (Renumbered as CLAIMS 1-5).

REASONS FOR ALLOWANCE

The following is an examiner's statement of reasons for allowance:

Claims 5, 13 and 17 have been rewritten in the independent form including all of the limitations of the base claim and any intervening claims, and therefore are allowable. Further, the prior arts of record taken alone or in combination fail to teach, anticipate, suggest or render obvious the claimed invention for a Bit Error Rate (BER) apparatus and method recited in the independent claims 5, 13 and 17, which include, inter alia, a "BER test message comprises one frame control message channel (FCMC) positioned at the front of the BER test message, the FCMC having system information and exclusively used for a backward link and a plurality of message data channels (MDCs) comprising data to be transmitted between the roadside equipment and the on-board equipment, the plurality of MDCs set as a certain value conforming to a dedicated short range communication (DSRC) standard and used for the backward link and a forward link".

Claims 6 and 14 are directly depended upon claims 5 and 13 and therefore are also allowable.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
